

Bean Routine, June 5, 2009

New Items In Stock -

Original Mocafo Mocha Frappe -

No sugar added. Available in 3 Lb. Bags

Jet Tea Signage - We have nice looking signage available for our Jet Tea customers that allow you to display the flavors available each day. Ask for a sign with your next order. (while they last!)

Current Jet Tea Flavors - Mango Mania, Strawberry Banana, Extreme Peach, Strawberry Bomb, Wildberry Blast, Caribbean Colada, Intense Green Apple, Antiox APB, Mandarin Orange Passion Fruit, Very Cherry

New Coffees In House -

Organic Uganda Bugisu AA– Double Hand Picked, this coffee comes from the Sipi Falls Coffee Project. It is Organic and **Utz*** Certified. This coffee is heavy bodied with a crisp finish. It has notes of anise and soft sweet rose petals.

Organic Fair Trade Honduran Limpera

Limpera is both the currency of Hondura and an excellent coffee growing region.

Nice full bodied flavor, slight apple notes and a yummy chocolate caramel finish!

Utz Certification - Worldwide, the concept of coffee quality among consumers is growing. Taste is important, but there is also growing interest in the conditions in which the coffee was made. Food legislation in Europe, America and Japan is also moving in the direction of transparency of origin and traceability of the final product.

The UTZ CERTIFIED program provides the assurance of responsible coffee production and sourcing that coffee drinkers expect. It answers two crucial questions for the global coffee chain:

- Where does the coffee come from?
- How was the coffee produced?

Organic Monin Syrups Are Now Available

Vanilla, Raspberry, Caramel and Hazelnut flavors are currently available. Ask us about these products.

Tech Tips

When was the last time the water filter on the coffee equipment was changed. The water hardness in Texas will cause water lines to clog with calcium buildup which in turn puts extra pressure on the pumps and eventually causes damage to the machines. This is easily remedied by changing out the filters regularly. Is it time for a change?

Please call a tech at (512)476-1437.

Ask us to check the burrs on your grinder while we are at your shop!
